2. Gateway

The Town Council has supported the revised scheme. A focus group is being held on the 17<sup>th</sup> August for the liaison group to receive feedback from those whose views are not being heard. The revised TROs are now being consulted upon and the decision will be taken on September 11<sup>th</sup>.

3. Other projects

- Cleaner: still being sought. RB has produced small flyers which he has distributed in many local establishments to see if interest can be generated.
- Cleaner's equipment: RB has sourced a trolley from a firm in Somerset which is being built to our spec. He has agreed that it can be stored behind the museum and we need to find a locker to keep all the equipment secure.
- Bin installation: LCR quote awaited.
- Vence Walk: This will be resurfaced shortly, according to LCC.
- Eastern end of the High street: GR and CLH are meeting representatives of M&S on 31.7.06 to pursue possible funding for this project.

4. Benchmarking

- This Welland project is now up and running and CLH has produced a document splitting up the areas of responsibility for the collection of information for the key performance indicators between the various groups. It was agreed that:
  - RB would focus on the crime statistic collection and will liaise with the consultant.
  - GH/GR/TR will collect the car park information.

5. Local Development Framework: SKDC preferred options:

SKDC are currently consulting on these documents which can be seen at

6. Date of next meeting: Tuesday 19<sup>th</sup> September (No meeting in August). At this meeting the dates for the autumn and winter meetings will be fixed.
